

**Description**

Form suspension features interconnected geometric shapes, which tilt the directional light distribution to desired position. The fixture contains a square canopy and 98.4" (250cm) of mounting cable which is field-adjustable up to 6" (15.24cm) minimum required length. One 75 watt 12 volt AR111 (45 degree beam spread) halogen lamp included. An electronic transformer is integrated into the canopy. Directional light distribution.

Finish

Polished Nickel

Lamp Specification**Halogen (H2)**

H2 AR111/M4/75W/45°/12V

Total Wattage

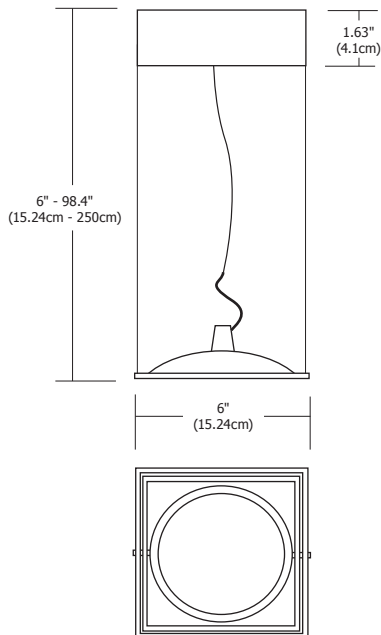

H2 75W

Dimmer

Low Voltage Electronic

Weight

3 lbs (1.36kg)
