

## Monorail 2 Circuit 1" Rigid Standoff

1" (2.5cm) rigid standoff is compatible with 1" (2.5cm) high power feed. Use a standoff every 3' of rail. For best appearance, place a standoff at every point where you join two pieces of Monorail. Satin nickel, polished nickel or antique bronze finish.

## Monorail 2 Circuit Rigid Standoff

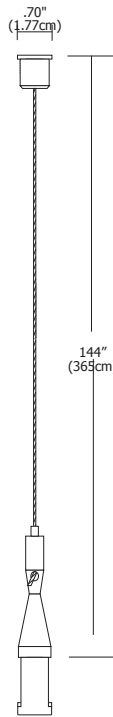

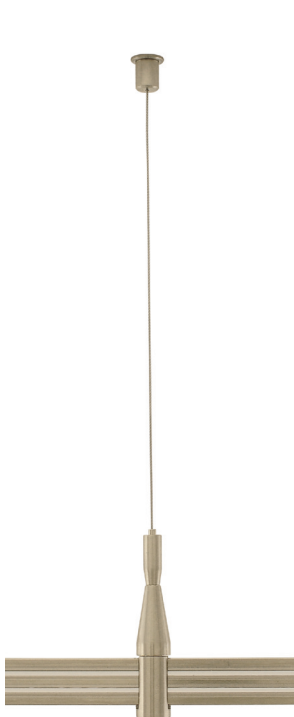

Field-cutable rigid standoff is compatible with various power feed options. Recommended for curved runs or runs with heavier pendants or fixture heads. Use a standoff every 3' (91.4cm) of rail. For best appearance, place a standoff at every point where you join two pieces of Monorail. Satin nickel, polished nickel or antique bronze finish.

## Monorail 2 Circuit Adjustable Standoff

Adjustable standoffs feature a cable drop for a clean and minimal look. Best suited for straighter runs. 12' (365.8cm) field-cutable length is adjustable with integral wire grip. Use a standoff every 3' (91.4cm) of rail. For best appearance, place a standoff at every point where you join two pieces of Monorail. Satin nickel, polished nickel or antique bronze finish.
