Dear 2020 User,

You may also download certain catalogs by going to www.2020.net . If you are
not registered, please do so. Once you receive your confirmation email and Password,
you will be able to login and download those catalogs.

Once logged in select **Manufacturer Updates** from the top menu.
From the **Manufacturer** dropdown list select **Edge Lighting** and click on **Submit**

From the following page select **Download**

From the download page click on **Download** once again and **Save** the catalog to your computer.
Please remember to take not of the location you selected the catalog to be saved.

**To install the catalog:**

For versions 8.1 and 9
1.   From the **20-20 Shortcut Bar**, click on the Catalog Tools icon.
2.   In the 20-20 **Catalog Tools** dialog, click on the **Install** icon; **Install a catalog from archive (zip).**
3.   On the Catalog Install Wizard dialog, at the end of the **Select Archive Catalog To Install** field,
click on the browse **(…)** button.
4.   On the **Select Archive Catalog To Install** dialog, in the **Look in**: use the drop down arrow to
select the Drive and then double-click on the Folder(s) until you can select the catalog zip file and click on
Open.
5.   Back on the Catalog Install Wizard dialog, verify the catalog file to be installed and click on **Next**
and then on **Start.**
6.   On the **"Catalog …. Successfully installed"** dialog, click on **OK**.
7.   Click on **Close**.

To install catalogs in V10:
Go to **Start > All Programs > Design > Tools** and select **Catalog Manager**.

You will be prompted with the following screen. Select **Install**

On the Catalog Install Wizard dialog, at the end of the **Select Archive Catalog to Install** field, click on the browse **(…)** button.
On the **Select Archive Catalog To Install** dialog, in the **Look in**: use the drop down arrow to select the Drive and then double-click on the Folder(s) until you can select the catalog zip file and click on **Open**.
Back on the Catalog Install Wizard dialog, verify the catalog file to be installed and click on **Next** and then on **Start.**
On the **"Catalog …. Successfully installed"** dialog, click on **OK**.
Click on **Close**.

Thank you
